DIRECTORS' REPORT

Directors' report

The Directors have pleasure in submitting their report and the audited financial statements of the Group and of the Bank for the financial year ended 31 December 2010.

Principal activities

The Bank is principally engaged to undertake infrastructure project financing and to carry out the functions of a development bank focusing on maritime, advanced manufacturing industries, high technology and export oriented industries. The principal activities of the subsidiary companies are as disclosed in Note 39 to the financial statements.

There have been no significant changes in the nature of these activities during the financial year.

Results

| | Group RM'000 | Bank RM'000 |
|----------------------------|-----------------|----------------|
| Profit for the year | 424,431 | 385,351 |
| Attributable to: | | |
| Equity holders of the Bank | 420,864 | 385,351 |
| Minority interests | 3,567 | - |
| | 424,431 | 385,351 |

There were no material transfers to or from reserves or provisions during the year other than as disclosed in the financial statements.

In the opinion of the Directors, the results of the operations of the Group and of the Bank during the financial year were not substantially affected by any item, transaction or event of a material and unusual nature.

Dividends

Final tax exempt dividend on 3,078,724,049 ordinary shares, amounting to RM100,000,000 (3.25 sen net per ordinary share), in respect of the financial year ended 31 December 2009 was declared on 24 February 2010 and approved for payment on 26 May 2010.

The dividend has been accrued and accounted for in equity as an appropriation of retained profit during the financial year.

DIRECTORS' REPORT *(continued)*

Dividends (contd.)

At the forthcoming Annual General Meeting, a final tax exempt dividend in respect of the financial year ended 31 December 2010, of 3.25% on 3,078,724,049 ordinary shares, amounting to a dividend payable of RM100,000,000 (3.25 sen net per ordinary share) will be proposed for the shareholders' approval. The financial statements for the current financial year do not reflect this proposed dividend. Such dividend, if approved by the shareholders, will be accounted for in equity as an appropriation of retained profits in the financial year ending 31 December 2011.

Directors

The names of the Directors of the Bank in office since the date of the last report and at the date of this report are:

| | |
|---------------------------------------|--------------------------------|
| Datuk Dr. Abdul Samad bin Hj Alias | |
| Dato' Mohd Zafer bin Mohd Hashim | |
| Siti Zauyah binti Md Desa | |
| Zainul Rahim bin Mohd Zain | (appointed on 8 March 2010) |
| A Ghani bin Ishak | (appointed on 26 March 2010) |
| Tan Sri Faizah binti Mohd Tahir | (appointed on 1 June 2010) |
| Dato' Dr. Syed Jaafar bin Syed Aznan | (appointed on 1 June 2010) |
| Datuk Idris bin Abdullah @ Das Murthy | (appointed on 1 December 2010) |
| Rosli bin Abdullah | (appointed on 3 January 2011) |
| Mohd Zarif Mohd Zaman | (term ended on 10 March 2010) |
| Dato' Ab. Halim bin Mohyiddin | (term ended on 29 July 2010) |
| Syed Hussain bin Syed Hamzah | (term ended on 5 October 2010) |

Directors' benefits

Neither at the end of the financial year, nor at any time during that year, did there subsist any arrangement to which the Bank was a party, whereby the Directors might acquire benefits by means of the acquisition of shares in or debentures of the Bank or any other body corporate.

Since the end of the previous financial year, no Director has received or become entitled to receive a benefit (other than benefits included in the aggregate amount of emoluments received or due and receivable by the Directors as shown in Note 29 or the fixed salary of a full time employee of the Bank) by reason of a contract made by the Bank or a related corporation with any Director or with a firm of which the Director is a member, or with a company in which the Director has a substantial financial interest.

DIRECTORS' REPORT *(continued)*

Directors' interest

None of the Directors holding office at 31 December 2010 had any interest in the ordinary shares of the Bank and of its related corporations during the financial year.

Rating by external rating agencies

Details of the Bank's ratings are as follows:

| Rating agency | Date | Rating classification | Received |
|---------------|------------------|--|----------|
| RAM Rating | 25 November 2010 | Issue rating on RM7 billion Conventional Medium-Term Notes Programme and Islamic Murabahah Medium-Term Notes Programme | AAA |
| MARC Rating | 1 July 2010 | Financial Institution rating | AAA |
| RAM Rating | 25 November 2010 | Financial Institution rating | AAA |

Business outlook

The financial landscape is expected to continue to be challenging as the external environment is expected to remain uncertain in the coming year despite recovery in the global economy. The Bank will continue to facilitate to deliver growth in private sector investment of over 12% per annum to bring the economic to developed status by 2020, as per Economic Transformation Programme roadmap. The Bank will continue to support development of the main engine of economy i.e. Public-Private Partnership (PPP) by financing relevant initiatives identified by the Government. The Bank will enhance effective management of its liquidity and funding gaps, in order to achieve stability, mitigate risks and optimize funding cost.

Other statutory information

- (a) Before the statements of financial position and income statements of the Group and of the Bank were made out, the Directors took reasonable steps:
- (i) to ascertain that proper action had been taken in relation to the writing off of bad debts and the making of provision for doubtful debts and satisfied themselves that all known bad debts had been written off and that adequate provision had been made for doubtful debts; and
 - (ii) to ensure that any current assets which were unlikely to realise their values as shown in the accounting records in the ordinary course of business had been written down to an amount which they might be expected so to realise.

DIRECTORS' REPORT *(continued)*

Other statutory information (contd.)

- (b) At the date of this report, the Directors are not aware of any circumstances:
- (i) which would render the amount written off for bad debts or the amount of the provision for doubtful debts in the financial statements of the Group and of the Bank inadequate to any substantial extent and the values attributed to current assets in the financial statements of the Group and of the Bank misleading;
 - (ii) which have arisen which would render adherence to the existing method of valuation of assets or liabilities of the Group and of the Bank misleading or inappropriate; and
 - (iii) not otherwise dealt with in this report or financial statements of the Group and of the Bank which would render any amount stated in the financial statements misleading.
- (c) As at the date of this report, there does not exist:
- (i) any charge on the assets of the Group or of the Bank which has arisen since the end of the financial year which secures the liabilities of any other person; or
 - (ii) any contingent liability of the Group or of the Bank which has arisen since the end of the financial year.
- (d) In the opinion of the Directors:
- (i) no contingent liability or other liability has become enforceable or is likely to become enforceable within the period of twelve months after the end of the financial year which will or may affect the ability of the Group or of the Bank to meet its obligations when they fall due; and
 - (ii) no item, transaction or event of a material and unusual nature has arisen in the interval between the end of the financial year and the date of this report which is likely to affect substantially the results of the operations of the Group or of the Bank for the financial year which this report is made.

Auditors

The auditors, Ernst & Young have expressed their willingness to continue in office.

Signed on behalf of the Board in accordance with a resolution of the Directors dated 25 February 2011.

Datuk Dr. Abdul Samad bin Hj Alias

Dato' Mohd Zafer bin Mohd Hashim

Kuala Lumpur, Malaysia

STATEMENT BY DIRECTORS

Persuant To Section 169(15) Of The Companies Act, 1965

We, Datuk Dr. Abdul Samad bin Hj Alias and Dato' Mohd Zafer bin Mohd Hashim, being two of the Directors of Bank Pembangunan Malaysia Berhad, do hereby state that, in the opinion of the Directors, the accompanying financial statements set out on pages 80 to 222 are drawn up in accordance with Financial Reporting Standards as modified by Bank Negara Malaysia/Development Financial Institutions Guidelines and the Companies Act, 1965 in Malaysia so as to give a true and fair view of the financial position of the Group and of the Bank as at 31 December 2010 and of their financial performance and cash flows of the Group and of the Bank for the year then ended.

Signed on behalf of the Board in accordance with a resolution of the Directors dated 25 February 2011.

Datuk Dr. Abdul Samad bin Hj Alias

Dato' Mohd Zafer bin Mohd Hashim

INDEPENDENT AUDITORS' REPORT

To The Members Of Bank Pembangunan Malaysia Berhad (Incorporated In Malaysia)

Report on the financial statements

We have audited the financial statements of Bank Pembangunan Malaysia Berhad, which comprise the statements of financial position as at 31 December 2010 of the Group and of the Bank, and the income statements, statements of comprehensive income, statements of changes in equity and statements of cash flow of the Group and of the Bank for the year then ended, and a summary of significant accounting policies and other explanatory notes, as set out on pages 80 to 222.

Directors' responsibility for the financial statements

The directors of the Bank are responsible for the preparation and fair presentation of these financial statements in accordance with Financial Reporting Standards as modified by Bank Negara Malaysia/Development Financial Institutions guidelines and the Companies Act 1965 in Malaysia. This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditors' responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with approved standards on auditing in Malaysia. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

INDEPENDENT AUDITORS' REPORT

To The Members Of Bank Pembangunan Malaysia Berhad (Incorporated In Malaysia) *(continued)*

Opinion

In our opinion, the financial statements have been properly drawn up in accordance with Financial Reporting Standards as modified by Bank Negara Malaysia/Development Financial Institutions guidelines and the Companies Act 1965 in Malaysia so as to give a true and fair view of the financial position of the Group and of the Bank as at 31 December 2010 and of their financial performance and cash flows of the Group and of the Bank for the year then ended.

Report on other legal and regulatory requirements

In accordance with the requirements of the Companies Act 1965 in Malaysia, we also report the following:

- (a) In our opinion, the accounting and other records and the registers required by the Act to be kept by the Bank and its subsidiaries have been properly kept in accordance with the provisions of the Act.
- (b) We are satisfied that the accounts of the subsidiaries that have been consolidated with the financial statements of the Bank are in form and content appropriate and proper for the purposes of the preparation of the consolidated financial statements and we have received satisfactory information and explanations required by us for those purposes.
- (c) The auditors' reports on the accounts of the subsidiaries were not subject to any qualification and did not include any comment required to be made under Section 174(3) of the Act.

Other matters

This report is made solely to the members of the Bank, as a body, in accordance with Section 174 of the Companies Act, 1965 in Malaysia and for no other purpose. We do not assume responsibility to any other person for the content of this report.

Notes To The Financial Statements

31 December 2010

1. Corporate information

Bank Pembangunan Malaysia Berhad (“the Bank”) is a public limited liability company, incorporated and domiciled in Malaysia.

The registered office of the Bank is located at Level 16, Menara Bank Pembangunan, Bandar Wawasan, No. 1016, Jalan Sultan Ismail, 50250 Kuala Lumpur.

The Bank is principally engaged to undertake infrastructure projects financing and to carry out the functions of a development bank focusing on maritime, advanced manufacturing industries, high technology and export oriented industries while the other entities within the Group are primarily involved in provision of financial services as a development bank, venture capital investment and ship owning activities.

There have been no significant changes in the nature of the principal activities during the financial year.

The financial statements were authorised for issue by the Board of Directors in accordance with a resolution of the Directors on 25 February 2011.

2. Significant accounting policies

2.1 Statement of compliance and basis of preparation

The financial statements of the Group and of the Bank have been prepared in accordance with Financial Reporting Standards (“FRSs”) as modified by Bank Negara Malaysia/Development Financial Institutions (“BNM/DFIs”) Guidelines and the Companies Act, 1965 in Malaysia. At the beginning of the current financial year, the Group and the Bank adopted new and revised FRS which are mandatory for financial periods beginning on or after 1 January 2010 as described fully in Note 2.2.

The financial statements incorporate those activities relating to Islamic Banking, which have been undertaken by the Group. Islamic Banking refers generally to the granting of financing under Syariah principles.

The financial statements of the Group and of the Bank have been prepared under the historical cost convention unless otherwise indicated in the accounting policies below.

Notes To The Financial Statements

31 December 2010 (*continued*)

2. Significant accounting policies (contd.)

2.2 Changes in accounting policies and effects arising from adoption of new and revised FRSs

The accounting policies adopted by the Group and the Bank are consistent with those adopted in previous years, except as follows:-

The Group and the Bank adopted the following FRSs, amendments to FRS and IC Interpretations beginning on or after 1 January 2010:

| FRSs, Amendments and Interpretations | Effective for financial period beginning on or after |
|---|--|
| FRS 7 Financial Instruments: Disclosures | 1 January 2010 |
| FRS 101 Presentation of Financial Statements | 1 January 2010 |
| FRS 123 Borrowing Costs | 1 January 2010 |
| FRS 139 Financial Instruments: Recognition and Measurement, Amendments to FRS 1 First-time Adoption of Financial Reporting Standards and FRS 127: Consolidated and Separate Financial Statements: Cost of an Investment in a Subsidiary, Jointly Controlled Entity or Associate | 1 January 2010 |
| Amendments to FRS 2 Share-based Payment: Vesting Conditions and Cancellations | 1 January 2010 |
| Amendments to FRS 5 Non-current Assets Held for Sale and Discontinued Operations | 1 January 2010 |
| Amendments to FRS 7: Financial Instruments: Disclosures and IC Interpretation 9: Reassessment of Embedded Derivatives | 1 January 2010 |
| Amendments to FRS 8: Operating Segments | 1 January 2010 |
| Amendments to FRS 107: Cash Flow Statements | 1 January 2010 |
| Amendments to FRS 108: Accounting Policies, Changes in Accounting Estimates and Errors | 1 January 2010 |
| Amendments to FRS 110: Events After the Balance Sheet Date | 1 January 2010 |
| Amendments to FRS 117: Leases | 1 January 2010 |
| Amendments to FRS 118: Revenue | 1 January 2010 |
| Amendments to FRS 119: Employee Benefits | 1 January 2010 |
| Amendments to FRS 120: Accounting for Government Grants and Disclosure of Government Assistance | 1 January 2010 |
| Amendments to FRS 123: Borrowing Costs | 1 January 2010 |
| Amendments to FRS 127: Consolidated and Separate Financial Statements: Cost of an Investment in a Subsidiary, Jointly Controlled Entity or Associate | 1 January 2010 |

NOTES TO THE FINANCIAL STATEMENTS

31 December 2010 (*continued*)

2. Significant accounting policies (contd.)

2.2 Changes in accounting policies and effects arising from adoption of new and revised FRSs (contd.)

| FRSs, Amendments and Interpretations | Effective for financial period beginning on or after |
|---|--|
| Amendments to FRS 128: Investments in Associates | 1 January 2010 |
| Amendments to FRS 129: Financial Reporting in Hyperinflationary Economies | 1 January 2010 |

| IC Interpretation 14 FRS 119 - The Limit on a Defined Benefit Asset, Minimum Funding Requirements and their Interaction | 1 January 2010 |
| Amendments to IC Interpretation 9 Reassessment of Embedded Derivatives | 1 January 2010 |
| TRI-3 Presentation of Financial Statements of Islamic Financial Institutions | 1 January 2010 |

2.2.1 Impact due to adoption of new standards

FRS 4 and Amendments to FRS 129 are not applicable to the Group and the Bank. The adoption of the above standards and interpretation did not have any effects on the financial performance or the position of the Group and the Bank except as discussed below:

NOTES TO THE FINANCIAL STATEMENTS

31 December 2010 (*continued*)

2. Significant accounting policies (contd.)

2.2 Changes in accounting policies and effects arising from adoption of new and revised FRSs (contd.)

2.2.1 Impact due to adoption of new standards (contd.)

(a) FRS 7 Financial Instruments: Disclosures

Prior to 1 January 2010, information about financial instruments was disclosed in accordance with the requirements of FRS 132 Financial Instruments: Disclosure and Presentation. FRS 7 introduces new disclosures to improve the information about financial instruments. It requires the disclosure of qualitative and quantitative information about exposure to risks arising from financial instruments, including specified minimum disclosures about credit risk, liquidity risk and market risk, including sensitivity analysis to market risk.

The Group and the Bank have applied FRS 7 prospectively in accordance with the transitional provisions. Hence, the new disclosures have not been applied to the comparatives. The new disclosures are included throughout the Group's and the Bank's financial statements for the year ended 31 December 2010.

(b) FRS 101 Presentation of Financial Statements (Revised)

The revised FRS 101 introduces changes in the presentation and disclosures of financial statements. The revised Standard separates owner and non-owner changes in equity. The statement of changes in equity includes only details of transactions with owners, with all non-owner changes in equity presented as a single line. The Standard also introduces the statement of comprehensive income, with all items of income and expense recognised in profit or loss, together with all other items of recognised income and expense recognised directly in equity, either in one single statement, or in two linked statements. The Group and the Bank have elected to present this statement as two linked statements.

In addition, a statement of financial position is required at the beginning of the earliest comparative period following a change in accounting policy, the correction of an error or the classification of items in the financial statements.

The revised FRS 101 also requires the Group to make new disclosures to enable users of the financial statements to evaluate the Group's objectives, policies and processes for managing capital.

The revised FRS 101 was adopted retrospectively by the Group and the Bank.

NOTES TO THE FINANCIAL STATEMENTS

31 December 2010 (*continued*)

2. Significant accounting policies (contd.)

2.2 Changes in accounting policies and effects arising from adoption of new and revised FRSs (contd.)

2.2.1 Impact due to adoption of new standards (contd.)

(c) FRS 139 *Financial Instruments: Recognition and Measurement*

FRS 139 establishes the principles for the recognition, derecognition and measurement of an entity's financial instruments and for hedge accounting. However, since the adoption of BNM's revised BNM/GP8 - Guidelines on Financial Reporting for Licensed Institutions on 1 January 2005, and voluntarily adopted by the Group and the Bank on 1 January 2007, certain principles in connection with the recognition, derecognition and measurement of financial instruments, including derivative instruments, and hedge accounting which are similar to those prescribed by FRS 139 have already been adopted by the Group and the Bank. Therefore, the adoption of FRS 139 on 1 January 2010 has resulted in the following material changes in accounting policies as follows:

(i) Impairment of loans and advances

The adoption of FRS 139 has resulted in a change in the accounting policy relating to the assessment for impairment of financial assets, particularly loans and advances. The existing accounting policies relating to the assessment of impairment of other financial assets of the Group and the Bank are already largely in line with those of FRS 139. Prior to the adoption of FRS 139, allowances for impaired loans and advances (previously referred to as non-performing loans) were computed in conformity with the Bank Negara Malaysia/Development Financial Institutions Guideline ("BNM/DFI/GP3") Guidelines on Classification of Non-Performing Loans and Provision for Substandard, Bad and Doubtful Debts. Upon the adoption of FRS 139, the Group and the Bank assesses at the end of each reporting period whether there is any objective evidence that a loan or group of loans is impaired. The loan or group of loans is deemed to be impaired if, and only if, there is objective evidence of impairment as a result of one or more events that has occurred after the initial recognition of the loan (an incurred 'loss event') and that the loss event has an impact on future estimated cash flows of the loan or group of loans that can be reliably estimated.

The Group and the Bank first assess individually whether objective evidence of impairment exists individually for loans which are individually significant, and collectively for loans which are not individually significant. If it is determined that no objective evidence of impairment exists for an individually assessed loan, the loan is included in a group of loans with similar credit risk characteristics and collectively assessed for impairment.

NOTES TO THE FINANCIAL STATEMENTS

31 December 2010 (*continued*)

2. Significant accounting policies (contd.)

2.2 Changes in accounting policies and effects arising from adoption of new and revised FRSs (contd.)

2.2.1 Impact due to adoption of new standards (contd.)

(c) FRS 139 *Financial Instruments: Recognition and Measurement* (contd.)

(i) Impairment of loans and advances (contd.)

If there is objective evidence that an impairment loss has been incurred, the amount of the loss is measured as the difference between the loan's carrying amount and the present value of the estimated future cash flows. The carrying amount of the loan is reduced through the use of an allowance account and the amount of the loss is recognised in the income statement.

In the Amendments to FRS 139 listed above, MASB has included an additional transitional arrangement for entities in the financial sector, whereby BNM may prescribe an alternative basis for collective assessment of impairment by banking institutions. This transitional arrangement is prescribed in BNM's guidelines on Classification and Impairment Provisions for Loans/Financing issued on 8 January 2010, whereby banking institutions are required to maintain collective assessment impairment allowances of at least 1.5% of total outstanding loans/financing, net of individual impairment allowance. Subject to the written approval by BNM, banking institutions are allowed to maintain a lower collective assessment impairment allowance. The collective assessment impairment allowance of the Bank as at the reporting date have been arrived at based on this transitional arrangement issued by BNM.

The changes in accounting policy above have been accounted for prospectively, in line with the transitional arrangements under para 103AA of FRS 139, with adjustments to the carrying values of financial assets affecting the income statement as at the beginning of the current financial period being adjusted to opening retained profits. As a result of the adoption of the loans impairment basis under FRS 139 and the transitional arrangements under BNM's guidelines on Classification and Impairment Provisions for Loans/Financing, the Group and the Bank has recognised an additional allowances of RM481,517,000 and RM457,924,000 respectively against the retained earnings as at 1 January 2010. Any further allowances charged subsequent to the adoption of FRS139 is recognised as allowances for losses on loans, advances and financing in the income statement.

NOTES TO THE FINANCIAL STATEMENTS

31 December 2010 (*continued*)

2. Significant accounting policies (contd.)

2.2 Changes in accounting policies and effects arising from adoption of new and revised FRSs (contd.)

2.2.1 Impact due to adoption of new standards (contd.)

(c) FRS 139 Financial Instruments: Recognition and Measurement (contd.)

(ii) Classification of loans and advances as impaired

Prior to the adoption of FRS 139, loans were classified as non-performing when principal or interest or both are past due for six (6) months or more. Upon the adoption of FRS 139, loans are classified as impaired when principal, or interest or both are past due for three (3) months or more or where loans in arrears for less than three (3) months exhibit indications of credit weakness. The change in the criteria for classification of impaired loans has resulted in an increase in opening impaired loans of RM2,986,207,000 and RM2,936,813,000 for the Group and the Bank respectively.

(iii) Interest income recognition

Prior to the adoption of FRS 139, interest accrued and recognised as income prior to the date that a loan is classified as non-performing is reversed out of income and set-off against the interest receivable account in the statement of financial position. Thereafter, interest on the non-performing loan is recognised as income on a cash basis. Upon adoption of FRS 139, once a loan has been written down as a result of an impairment loss, interest income is thereafter recognised using the rate of interest used to discount the future cash flows for the purpose of measuring impairment loss. This change in accounting policy has no impact to the retained profit of the Group and the Bank.

(iv) Amount due from Minister of Finance Inc. ("MOF")

The amount due from MOF, the holding company of Bank Pembangunan Malaysia Berhad relates to proceeds receivable from disposal of Bank's interest in SME Bank that took place in March 2008 amounting to RM1,052,000,000. As per the letter from MOF dated 15 December 2008, this amount will be offset against the amount due to MOF that comprise the term loan and commitment fee amounting to RM794,696,708 on 31 March 2013. The net amount owing by MOF amounting to RM257,303,292 bears interest of 2% per annum and is repayable via bullet repayment in March 2013. The interest charge of 2% per annum is below the interest market rate of 3.5% which is based on Malaysian Government Securities. The difference between the cash payable and fair value on initial recognition is charged to retained profits while subsequent interest on the net amount due from MOF is recognized at the Market Interest Rate of 3.5%.

| IC Interpretation 15: Agreements for the Construction of Real Estate | 1 January 2012 |

- * The Amendments to FRS 132 as identified in paragraphs 95A, 97AA and 97AB of the Standard shall apply to financial statements of annual periods beginning on or after 1 January 2010. The amendments in paragraphs 11, 16 and 97E of the Standard, relating to Classification of Rights Issues shall apply to financial statements of annual periods beginning on or after 1 March 2010.

The directors expect that the adoption of the standards and interpretation above will have no material impact on the financial statements in the period of initial application.

2.4 Summary of significant accounting policies

(a) Basis of consolidation

The consolidated financial statements comprise the financial statements of the Bank and its subsidiaries as at the reporting date. The financial statements of the subsidiaries used in the preparation of the consolidated financial statements are prepared for the same reporting date as the Bank. Consistent accounting policies are applied to like transactions and events in similar circumstances.

All intra-group balances, income and expenses and unrealised gains and losses resulting from intra-group transactions are eliminated in full.

NOTES TO THE FINANCIAL STATEMENTS

31 December 2010 (*continued*)

2. Significant accounting policies (contd.)

2.4 Summary of significant accounting policies (contd.)

(a) Basis of consolidation

Acquisitions of subsidiaries are accounted for by applying the purchase method. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. Adjustments to those fair values relating to previously held interests are treated as a revaluation and recognised in other comprehensive income. The cost of a business combination is measured as the aggregate of the fair values, at the date of exchange, of the assets given, liabilities incurred or assumed, and equity instruments issued, plus any costs directly attributable to the business combination. Any excess of the cost of business combination over the Groups share in the net fair value of the acquired subsidiarys identifiable assets, liabilities and contingent liabilities is recorded as goodwill on the statement of financial position. The accounting policy for goodwill is set out in Note 2.4(k). Any excess of the Groups share in the net fair value of the acquired subsidiarys identifiable assets, liabilities and contingent liabilities over the cost of business combination is recognised as income in profit or loss on the date of acquisition. When the Group acquires a business, embedded derivatives separated from the host contract by the acquiree are reassessed on acquisition unless the business combination results in a change in the terms of the contract that significantly modifies the cash flows that would otherwise be required under the contract.

Subsidiaries are consolidated from the date of acquisition, being the date on which the Group obtains control, and continue to be consolidated until the date that such control ceases.

(b) Transactions with minority interests

Minority interests represent the portion of profit or loss and net assets in subsidiaries not held by the Group and are presented separately in profit or loss of the Group and within equity in the consolidated statements of financial position, separately from parent shareholders' equity. Transactions with minority interests are accounted for using the entity concept method, whereby, transactions with minority interests are accounted for as transactions with owners. On acquisition of minority interests, the difference between the consideration and book value of the share of the net assets acquired is recognised directly in equity. Gain or loss on disposal to minority interests is recognised directly in equity.

NOTES TO THE FINANCIAL STATEMENTS

31 December 2010 *(continued)*

2. Significant accounting policies (contd.)

2.4 Summary of significant accounting policies (contd.)

(c) Subsidiaries

A subsidiary is an entity over which the Group has the power to govern the financial and operating policies so as to obtain benefits from its activities.

In the Bank's separate financial statements, investments in subsidiaries are accounted for at cost less impairment losses.

(d) Associates

An associate is an entity, not being a subsidiary or a joint venture, in which the Group has significant influence. An associate is equity accounted for from the date the Group obtains significant influence until the date the Group ceases to have significant influence over the associate.

The Group's investments in associates are accounted for using the equity method. Under the equity method, the investment in associates is measured in the statement of financial position at cost plus post-acquisition changes in the Group's share of net assets of the associates. Goodwill relating to associates is included in the carrying amount of the investment. Any excess of the Group's share of the net fair value of the associate's identifiable assets, liabilities and contingent liabilities over the cost of the investment is excluded from the carrying amount of the investment and is instead included as income in the determination of the Group's share of the associate's profit or loss for the period in which the investment is acquired.

When the Group's share of losses in an associate equals or exceeds its interest in the associate, the Group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the associate.

After application of the equity method, the Group determines whether it is necessary to recognise an additional impairment loss on the Group's investment in its associates. The Group determines at each reporting date whether there is any objective evidence that the investment in the associate is impaired. If this is the case, the Group calculates the amount of impairment as the difference between the recoverable amount of the associate and its carrying value and recognises the amount in profit or loss.

NOTES TO THE FINANCIAL STATEMENTS

31 December 2010 *(continued)*

2. Significant accounting policies (contd.)

2.4 Summary of significant accounting policies (contd.)

(d) Associates (contd.)

The financial statements of the associates are prepared as of the same reporting date as the Company. Where necessary, adjustments are made to bring the accounting policies in line with those of the Group.

In the Bank's separate financial statements, investments in associates are stated at cost less impairment losses. On disposal of such investments, the difference between net disposal proceeds and their carrying amounts is included in profit or loss.

(e) Jointly controlled entities

The Group has interests in joint ventures which are jointly controlled entities. A joint venture is a contractual arrangement whereby two or more parties undertake an economic activity that is subject to joint control, and a jointly controlled entity is a joint venture that involves the establishment of a separate entity in which each venturer has an interest.

Investments in jointly controlled entities are accounted for in the consolidated financial statements using the equity method of accounting. Under the equity method, the investment in jointly controlled entity is carried in the consolidated balance sheet at cost adjusted for post-acquisition changes in the Group's share of net assets of the jointly controlled entity. The Group's share of the net profit or loss of the jointly controlled entity is recognised in the consolidated profit or loss. Where there has been a change recognised directly in the equity of the jointly controlled entity, the Group recognises its share of such changes.

In applying the equity method, unrealised gains and losses on transactions between the Group and the jointly controlled entity are eliminated to the extent of the Group's interest in the jointly controlled entity. After application of the equity method, the Group determines whether it is necessary to recognise any additional impairment loss with respect to the Group's net investment in the jointly controlled entity. The jointly controlled entity is equity accounted for from the date the Group obtains significant influence until the date the Group ceases to have significant influence over the jointly controlled entity.

NOTES TO THE FINANCIAL STATEMENTS

31 December 2010 (*continued*)

2. Significant accounting policies (contd.)

2.4 Summary of significant accounting policies (contd.)

(e) Jointly controlled entities (contd.)

Goodwill relating to the jointly controlled entity is included in the carrying amount of the investment and is not amortised. Any excess of the Group's share of the net fair value of the jointly controlled entity's identifiable assets, liabilities and contingent liabilities over the cost of the investment is excluded from the carrying amount of the investment and is instead included as income in the determination of the Group's share of the jointly controlled entity's profit or loss in the period in which the investment is acquired.

When the Group's share of losses in the jointly controlled entity equals or exceeds its interest in the jointly controlled entity, including any long-term interests that, in substance, form part of the Group's net investment in the jointly controlled entity, the Group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the jointly controlled entity.

The most recent available audited financial statements of the jointly controlled entities are used by the Group in applying the equity method. Where the dates of the audited financial statements used are not coterminous with those of the Group, the share of results is arrived at from the last audited financial statements available and management financial statements to the end of the accounting period. Uniform accounting policies are adopted for like transactions and events in similar circumstances.

(f) Foreign currency transactions

In preparing the financial statements of the individual entities, transactions in currencies other than the entity's functional currency (foreign currencies) are recorded in the functional currencies using the exchange rates prevailing at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies are translated at the rate of exchange ruling at the reporting date. Non-monetary items denominated in foreign currencies that are measured at historical cost are translated using the exchange rates as at the dates of the initial transactions. Non-monetary items denominated in foreign currencies measured at fair value are translated using the exchange rates at the date when the fair value was determined.

NOTES TO THE FINANCIAL STATEMENTS

31 December 2010 *(continued)*

2. Significant accounting policies (contd.)

2.4 Summary of significant accounting policies (contd.)

(f) Foreign currency transactions (contd.)

Exchange differences arising on the settlement of monetary items or on translating monetary items at the reporting date are recognised in profit or loss except for exchange differences arising on monetary items that form part of the Group's net investment in foreign operations, which are recognised initially in other comprehensive income and accumulated under foreign currency translation reserve in equity. The foreign currency translation reserve is reclassified from equity to profit or loss of the Group on disposal of the foreign operation.

Exchange differences arising on the translation of non-monetary items carried at fair value are included in profit or loss for the period except for the differences arising on the translation of non-monetary items in respect of which gains and losses are recognised directly in equity. Exchange differences arising from such non-monetary items are also recognised directly in equity.

(g) Property, plant and equipment

All items of property, plant and equipment are initially recorded at cost. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised. All other repairs and maintenance are charged to the income statement during the financial period in which they are incurred.

Subsequent to recognition, property, plant and equipment are stated at cost less accumulated depreciation and any accumulated impairment losses.

NOTES TO THE FINANCIAL STATEMENTS

31 December 2010 (*continued*)

2. Significant accounting policies (contd.)

2.4 Summary of significant accounting policies (contd.)

(g) Property, plant and equipment (contd.)

Freehold land has an unlimited useful life and therefore is not depreciated. Building-in-progress are also not depreciated as these assets are not available for use. Depreciation of other property, plant and equipment is provided for on a straight-line basis to write off the cost of each asset to its residual value over the estimated useful life, at the following annual rates:

| | |
|--|---------------|
| Building | 50 years |
| Vessels | 25 years |
| Furniture and equipment | 3 - 10 years |
| Partitioning, installation and renovations | 3 - 20 years |
| Motor vehicles | 5 - 8 years |
| Dry-docking expenses | 2.5 - 5 years |

The residual values, useful life and depreciation method are reviewed at each financial year-end to ensure that the amount, method and period of depreciation are consistent with previous estimates and the expected pattern of consumption of the future economic benefits embodied in the items of property, plant and equipment.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. The difference between the net disposal proceeds, if any and the net carrying amount is recognised in profit or loss.

(h) Investment properties

Investment properties principally comprise properties held for long-term rental yields or capital appreciation or both and which are not occupied by the Group. Investment property is carried at cost less accumulated depreciation and any impairment losses.

Freehold land is not depreciated. Freehold building is depreciated at an annual rate of 2%, calculated on a straight line basis to write off the cost of each building over the estimated useful life.

Investment properties are measured initially at cost, including transaction costs. The carrying amount includes the cost of replacing part of an existing investment property at the time that cost is incurred if the recognition criteria is met and excludes the cost of day-to-day servicing of that property.

NOTES TO THE FINANCIAL STATEMENTS

31 December 2010 *(continued)*

2. Significant accounting policies (contd.)

2.4 Summary of significant accounting policies (contd.)

(h) Investment properties (Contd.)

Investment properties are derecognised when either they have been disposed of or when the investment property is permanently withdrawn from use and no future economic benefit is expected from its disposal. Any gains or losses on the retirement or disposal of an investment property are recognised in profit and loss in the year in which they arise.

(i) Leases

(i) Classification

A lease is recognised as a finance lease if it transfers substantially to the Group all the risks and rewards incidental to ownership. Leases of land and building are classified as operating or finance leases in the same way as leases of other assets and the land and buildings elements of a lease of land and buildings are considered separately for the purposes of lease classification. All leases that do not transfer substantially all the risks and rewards are classified as operating leases, with the following exceptions:

- Property held under operating leases that would otherwise meet the definition of an investment property is classified as an investment property on a property-by-property basis and, if classified as investment property, is accounted for as if held under a finance lease (Note 2.4(h)); and
- Land held for own use under an operating lease, the fair value of which cannot be measured separately from the fair value of a building situated thereon at the inception of the lease, is accounted for as being held under a finance lease, unless the building is also clearly held under an operating lease; and
- Leasehold land held for own use is classified as operating lease and where necessary, the minimum lease payments or the up-front payments made are allocated between the land and the buildings elements in proportion to the relative fair values for leasehold interests in the land element and building element of the lease at the inception of the lease. The up-front payment represents prepaid lease payments and are amortised on straight-line basis over the lease term.

NOTES TO THE FINANCIAL STATEMENTS

31 December 2010 (*continued*)

2. Significant accounting policies (contd.)

2.4 Summary of significant accounting policies (contd.)

(j) Impairment of non-financial assets

The Group assesses at each reporting date whether there is an indication that an asset may be impaired. If any such indication exists, or when an annual impairment assessment for an asset is required, the Group makes an estimate of the asset's recoverable amount.

An asset's recoverable amount is the higher of an asset's fair value less costs to sell and its value in use. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units ("CGU")).

In assessing value in use, the estimated future cash flows expected to be generated by the asset are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. Where the carrying amount of an asset exceeds its recoverable amount, the asset is written down to its recoverable amount. Impairment losses recognised in respect of a CGU or groups of CGUs are allocated first to reduce the carrying amount of any goodwill allocated to those units or groups of units and then, to reduce the carrying amount of the other assets in the unit or groups of units on a pro-rata basis.

Impairment losses are recognised in profit or loss except for assets that are previously revalued where the revaluation was taken to other comprehensive income. In this case the impairment is also recognised in other comprehensive income up to the amount of any previous revaluation.

An assessment is made at each reporting date as to whether there is any indication that previously recognised impairment losses may no longer exist or may have decreased. A previously recognised impairment loss is reversed only if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognised. If that is the case, the carrying amount of the asset is increased to its recoverable amount. That increase cannot exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised previously. Such reversal is recognised in profit or loss unless the asset is measured at revalued amount, in which case the reversal is treated as a revaluation increase. Impairment loss on goodwill is not reversed in a subsequent period.

NOTES TO THE FINANCIAL STATEMENTS

31 December 2010 (*continued*)

2. Significant accounting policies (contd.)

2.4 Summary of significant accounting policies (contd.)

(k) Goodwill

Goodwill is initially measured at cost. Following initial recognition, goodwill is measured at cost less accumulated impairment losses.

For the purpose of impairment testing, goodwill acquired is allocated, from the acquisition date, to each of the Group's cash-generating units that are expected to benefit from the synergies of the combination.

The cash-generating unit to which goodwill has been allocated is tested for impairment annually and whenever there is an indication that the cash-generating unit may be impaired, by comparing the carrying amount of the cash-generating unit, including the allocated goodwill, with the recoverable amount of the cash-generating unit. Where the recoverable amount of the cash-generating unit is less than the carrying amount, an impairment loss is recognised in the profit or loss. Impairment losses recognised for goodwill are not reversed in subsequent periods.

Where goodwill forms part of a cash-generating unit and part of the operation within that cash-generating unit is disposed of, the goodwill associated with the operation disposed of is included in the carrying amount of the operation when determining the gain or loss on disposal of the operation. Goodwill disposed of in this circumstance is measured based on the relative fair values of the operations disposed of and the portion of the cash-generating unit retained.

(l) Financial assets

Initial recognition and subsequent measurement

Financial assets are recognised in the statements of financial position when, and only when, the Group and the Bank become a party to the contractual provisions of the financial instrument.

When financial assets are recognised initially, they are measured at fair value, plus, in the case of financial assets not at fair value through profit or loss, directly attributable transaction costs.

NOTES TO THE FINANCIAL STATEMENTS

31 December 2010 (*continued*)

2. Significant accounting policies (contd.)

2.4 Summary of significant accounting policies (contd.)

(I) Financial assets (contd.)

Initial recognition and subsequent measurement (contd.)

The Group and the Bank determine the classification of their financial assets at initial recognition, and the categories include financial assets at fair value through profit or loss, loans and receivables, held-to-maturity investments and available-for-sale financial assets.

(i) Financial assets at fair value through profit or loss

Financial assets are classified as financial assets at fair value through profit or loss if they are held for trading or are designated as such upon initial recognition. Financial assets held for trading are derivatives (including separated embedded derivatives) or financial assets acquired principally for the purpose of selling in the near term.

Subsequent to initial recognition, financial assets at fair value through profit or loss are measured at fair value. Any gains or losses arising from changes in fair value are recognised in profit or loss. Net gains or net losses on financial assets at fair value through profit or loss do not include exchange differences, interest and dividend income. Exchange differences, interest and dividend income on financial assets at fair value through profit or loss are recognised separately in profit or loss as part of other losses or other income.

Regular way purchases and sales of financial assets held-for-trading are recognised on settlement date.

(ii) Loan Receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market.

Subsequent to initial recognition, loans and receivables are measured at amortised cost using the effective interest method, less allowance for impairment. Interest income on loans and receivables is recognised in "Interest income" in the profit or loss. Impairment losses on loans and receivables are recognised in profit or loss as "Allowances for impairment on loans, advances and financing".

NOTES TO THE FINANCIAL STATEMENTS

31 December 2010 *(continued)*

2. Significant accounting policies (contd.)

2.4 Summary of significant accounting policies (contd.)

(I) Financial assets (contd.)

Initial recognition and subsequent measurement (contd.)

(iii) Held-to-maturity investments

Non-derivative financial assets with fixed or determinable payments and fixed maturity are classified as held-to-maturity when the Group has the positive intention and ability to hold the investment to maturity.

Subsequent to initial recognition, held-to-maturity investments are measured at amortised cost using the effective interest method, less impairment. Interest income on held-to-maturity investments is recognised in "Interest income" in the profit or loss. Impairment losses on held-to-maturity investments are recognised in profit or loss as "Impairment on held-to-maturity investments".

Unquoted shares in organisations set up for socio-economic purposes and equity instruments received as a result of loan restructuring or loan conversion which do not have a quoted market price in an active market and whose fair value cannot be reliably measured are also classified as securities held-to-maturity.

Regular way purchases and sales of held-to-maturity investments are recognised on settlement date.

(iv) Available-for-sale investments

Available-for-sale are financial assets that are designated as available for sale or are not classified in any of the three preceding categories. Available-for-sale investments include financial assets that are intended to be held for an indefinite period of time, which may be sold in response to liquidity needs or changes in market condition.

NOTES TO THE FINANCIAL STATEMENTS

31 December 2010 (*continued*)

2. Significant accounting policies (contd.)

2.4 Summary of significant accounting policies (contd.)

(I) Financial assets (contd.)

Initial recognition and subsequent measurement (contd.)

(iv) Available-for-sale investments (contd.)

After initial recognition, available-for-sale financial assets are measured at fair value. Any gains or losses from changes in fair value of the financial asset are recognised in other comprehensive income, except that impairment losses, foreign exchange gains and losses on monetary instruments and interest calculated using the effective interest method are recognised in profit or loss. The cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to profit or loss as a reclassification adjustment when the financial asset is derecognised. Interest income calculated using the effective interest method is recognised in profit or loss. Dividends on an available-for-sale equity instrument are recognised in profit or loss when the Group and the Bank's right to receive payment is established.

If an available-for-sale investment is determined to be impaired, the cumulative gain or loss recognised in other comprehensive income is recognised in profit or loss.

Regular way purchases and sales of held-to-maturity investments are recognised on settlement date.

Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the period generally established by regulation or convention in the marketplace concerned.

Fair value determination

For financial instruments measured at fair value, the fair value is determined by reference to quoted market prices or by using valuation models. The fair value of financial instruments traded in active markets are based on quoted market price or dealer price quotation.

NOTES TO THE FINANCIAL STATEMENTS

31 December 2010 *(continued)*

2. Significant accounting policies (contd.)

2.4 Summary of significant accounting policies (contd.)

(l) Financial assets (contd.)

Fair value determination (contd.)

For all other financial assets, fair value is determined using appropriate valuation techniques. In such cases, the fair values are estimated using discounted cash flow models, based on observable data in respect of similar financial instruments and using inputs (such as yield curve) existing at reporting date.

Derecognition

Financial instruments are derecognised when the risks and rewards associated with the instruments are substantially transferred, cancelled or expired. On derecognition, the difference between the carrying amount of the instruments and the consideration received/paid, less the cumulative gain or loss that has been recognised in the equity are taken to the profit and loss account.

(m) Financial liabilities

Financial liabilities are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability.

Financial liabilities, within the scope of FRS 139, are recognised in the statement of financial position when, and only when, the Group and the Bank become a party to the contractual provisions of the financial instrument.

Financial liabilities are recognised at amortised cost. Financial liabilities measured at amortised cost include deposits from customers, debt securities issued and other borrowed fund.

Financial liabilities are derecognised when they are redeemed or extinguished.

NOTES TO THE FINANCIAL STATEMENTS

31 December 2010 (*continued*)

2. Significant accounting policies (contd.)

2.4 Summary of significant accounting policies (contd.)

(n) Impairment of financial assets

The Group and the Bank assesses at each statement of financial position date whether there is any objective evidence that a financial asset or a group of financial assets is impaired. A financial asset or a group of financial assets is deemed to be impaired if, and only if, there is objective evidence of impairment as a result of one or more events that has occurred after the initial recognition of the asset (an incurred 'loss event') and that loss event (or events) has an impact on the estimated future cash flows of the financial asset or the group of financial assets that can be reliably estimated.

Evidence of impairment may include indications that the borrower or a group of borrowers is experiencing significant financial difficulty, the probability that they will enter bankruptcy or other financial reorganisation, default or delinquency in interest or principal payments and where observable data indicates that there is a measurable decrease in the estimated future cash flows, such as changes in arrears or economic conditions that correlate with defaults.

The impairment policies on the financial assets are summarised as follows:

(i) Loans and receivables

Classification of impaired loans, advances and financing

The Group classifies a loan, advance or financing as impaired when there is objective evidence that the loan is impaired. In addition the Group also complies with Bank Negara Malaysia's Guidelines on Classification and Impairment Provision for Loans/Financing which states that, based on repayment conduct, a loan or financing should be classified as impaired:

- Where the principal or interest/profit or both is past due more than 90 days or 3 months. In the case of revolving facilities (e.g. overdraft facilities), the facility shall be classified as impaired where the outstanding amount remain in excess of the approved limit for a period of more than 90 days or 3 months.

NOTES TO THE FINANCIAL STATEMENTS

31 December 2010 (*continued*)

2. Significant accounting policies (contd.)

2.4 Summary of significant accounting policies (contd.)

(n) Impairment of financial assets (contd.)

(i) Loans and receivables (contd.)

Classification of impaired loans, advances and financing (contd.)

De-classification of an impaired account shall be supported by a credit assessment of the repayment capabilities, cash flow and financial position of the borrower. The Group must be satisfied that once the account is de-classified, the account is unlikely to be classified again in the near future.

Impairment

The Group first assesses individually whether objective evidence of impairment exists individually for loans, advances and financing that are individually significant, or collectively for financial assets that are not individually significant. If the Group determines that no objective evidence of impairment exists for an individually assessed financial asset, it includes the asset in a group of financial assets with similar credit risk characteristics and collectively assesses them for impairment. Assets that are individually assessed for impairment and for which an impairment loss is, or continues to be, recognised are not included in a collective assessment of impairment.

If there is objective evidence that an impairment loss has been incurred, the amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows (excluding future expected credit losses that have not yet been incurred). The carrying amount of the asset is reduced through the use of an allowance account and the amount of the loss is recognised in the income statement. Where appropriate, the calculation of the present value of the estimated future cash flows of a collateralised loans or receivable reflect the cash flows that may result from foreclosure less costs of obtaining and selling the collateral, whether or not foreclosure is probable. Interest income continues to be accrued on the reduced carrying amount and is accrued using the rate of interest used to discount the future cash flows for the purpose of measuring the impairment loss. The interest income is recorded as part of 'Interest income'.

NOTES TO THE FINANCIAL STATEMENTS

31 December 2010 (*continued*)

2. Significant accounting policies (contd.)

2.4 Summary of significant accounting policies (contd.)

(n) Impairment of financial assets (contd.)

(i) Loans and receivables (contd.)

Impairment (contd.)

Loans together with the associated allowance are written off when there is no realistic prospect of future recovery and all collateral has been realised or has been transferred to the Group. If, in a subsequent year, the amount of the estimated impairment loss increases or decreases because of an event occurring after the impairment was recognised, the previously recognised impairment loss is increased or reduced by adjusting the allowance account. If a future write-off is later recovered, the recovery is credited to the income statement.

For loans, advances and financing that are collectively assessed, the Group have applied the transitional provision issued by Bank Negara Malaysia via its guidelines on Classification and Impairment Provision for Loans/Financing, whereby collective assessment impairment allowance is maintained at a minimum of 1.5% of total loan outstanding, net of individual assessment impairment allowance.

(ii) Held-to maturity investments

The Group assess at each reporting date whether objective evidence of impairment of held-to-maturity investments exists as a result of one or more loss events and that loss event has an impact on the estimated future cash flows of the financial investment or group of financial investments that can be reliably estimated.

Where there is objective evidence of impairment, an impairment loss is recognised as the difference between the amortised cost and the present value of the estimated future cash flows, less any impairment previously recognised.

NOTES TO THE FINANCIAL STATEMENTS

31 December 2010 *(continued)*

2. Significant accounting policies (contd.)

2.4 Summary of significant accounting policies (contd.)

(n) Impairment of financial assets (contd.)

(iii) Available-for-sale investments

The Group assess at each reporting date whether objective evidence that financial investment classified as available-for-sale is impaired.

In the case of quoted investments, a significant and prolonged decline in the fair value of the security below its cost is also considered in determining whether objective evidence of impairment exists. Where such evidence exists, the cumulative loss (measured as the difference between the acquisition cost and the current fair value, less impairment loss previously recognised) is removed from equity and recognised in the profit and loss. For unquoted equity investment which are measured at cost, the amount of impairment loss is measured as the difference between the carrying amount of the asset and the present value of estimated future cash flow discounted at the current rate of return for a similar financial asset. Impairment losses recognised in the profit or loss on equity investments are not reversed through the profit and loss.

For debt instruments, impairment is assessed based on the same criteria as other available-for-sale financial investments. Where impairment losses have been previously recognised in the profit or loss, if there is a subsequent increase in the fair value of the debt instruments that can be objectively related to a credit event occurring after the impairment loan was recognized in the profit or loss, the impairment loss is reversed through profit and loss.

(o) Financial derivatives

All derivative financial instruments are measured at fair value and are carried as assets when the fair value is positive and as liabilities when the fair value is negative. Any gain or loss arising from a change in the fair value of the derivatives is recognised in the income statement. Derivatives embedded in other financial instruments are accounted for separately as derivatives if the economic characteristics and risks are not closely related to those of the host contracts and the host contracts are carried at fair value through profit or loss.

NOTES TO THE FINANCIAL STATEMENTS

31 December 2010 *(continued)*

2. Significant accounting policies (contd.)

2.4 Summary of significant accounting policies (contd.)

(p) Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Group and the Bank after deducting all of its liabilities. Ordinary shares are equity instruments.

Ordinary shares are recorded at the proceeds received, net of directly attributable incremental transaction costs. Ordinary shares are classified as equity. Dividends on ordinary shares are recognised in equity in the period in which they are declared.

(q) Inventories

Inventories consist of lubricants on board for own consumption and are stated at cost in US Dollars and converted to Ringgit Malaysia at a rate that approximates the rate of exchange at balance sheet date. The cost of lubricants is based on the weighted average cost and includes expenditure incurred in acquiring the inventories and bringing them to their existing location and condition.

(r) Employee benefits

Short term employee benefit obligations in respect of salaries, annual bonuses, paid annual leave and sick leave are measured on an undiscounted basis and are expensed as the related service is provided.

A provision is recognised for the amount expected to be paid under short term cash bonus if the Group has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

The Group's contribution to the Employees Provident Fund is charged to the income statements in the year to which they relate. Once the contributions have been paid, the Group has no further payment obligations.

NOTES TO THE FINANCIAL STATEMENTS

31 December 2010 (*continued*)

2. Significant accounting policies (contd.)

2.4 Summary of significant accounting policies (contd.)

(s) Government Grants

Government grants are recognised at their fair value in the balance sheet where there is a reasonable assurance that the grants will be received and all attaching conditions will be complied with. The Government grants are presented in the balance sheet as “Infrastructure Support Fund” and “Deferred Income”.

Deferred income comprises claims received in relation to interest rate differentials on financing of Government Infrastructure projects. Other claims received are recorded in the “Infrastructure Support Fund”.

Grants that compensate the Group for expenses incurred are recognised as income over the period necessary to match the grants on a systematic basis to the costs that it is intended to compensate.

(t) Provisions

Provisions are recognised when the Group has a present obligation as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate of the amount can be made. Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate. Where the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, where appropriate, the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognised as finance cost.

(u) Contingent Liabilities

Contingent liabilities consist of secured guarantees given to third parties on behalf of borrowers. Contingent liabilities are disclosed in the notes to the accounts, unless the possibility of an outflow of resources embodying economic benefits is remote.

Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Possible obligations, whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events are also disclosed as contingent liabilities unless the probability of outflow of economic benefits is remote.

NOTES TO THE FINANCIAL STATEMENTS

31 December 2010 (*continued*)

2. Significant accounting policies (contd.)

2.4 Summary of significant accounting policies (contd.)

(v) Disposal Groups Assets Held for Sale and Discontinued Operation

Non financial assets (or disposal groups) are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the sale is highly probable and the asset (or disposal group) is available for immediate sale in its present condition subject only to terms that are usual and customary.

Immediately before classification as held for sale, the measurement of the non-current assets (or all the assets and liabilities in a disposal group) is brought up-to-date in accordance with applicable FRSs. Then, on initial classification as held for sale, non-financial assets or disposal groups (other than investment properties, deferred tax assets, employee benefits assets and financial assets) are measured in accordance with FRS 5 that is at the lower of carrying amount and fair value less costs to sell. Any differences are included in profit or loss.

A component of the Group is classified as a discontinued operation when the criteria to be classified as held for sale have been met or it has been disposed and such a component represents a separate major line of business or geographical area of operations, is part of a single co-ordinated major line of business or geographical area of operations or is a subsidiary acquired exclusively with a view to resale.

(w) Revenue

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured. Revenue is measured at the fair value of consideration received or receivable.

(i) Interest and similar income and expense

For all financial instruments measured at amortised cost, interest/profit bearing financial assets classified as available-for-sale and financial instruments designated at fair value through profit or loss, interest income or expense is recorded using the effective interest rate, which is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset or financial liability. The calculation takes into account all contractual terms of the financial instrument (for example, repayment options) and includes any fees or incremental costs that are directly attributable to the instrument and are an integral part of the effective interest rate, but not future credit losses.

NOTES TO THE FINANCIAL STATEMENTS

31 December 2010 (*continued*)

2. Significant accounting policies (contd.)

2.4 Summary of significant accounting policies (contd.)

(w) Revenue (contd.)

(i) Interest and similar income and expense (contd.)

For impaired financial assets where the value of the financial asset have been written down as a result of an impairment loss, interest/financing income continues to be recognised using the rate of interest used to discount the future cash flows for the purpose of measuring the impairment loss.

(ii) Income recognition for leasing, hire purchase financing, confirming and factoring

Income earned on leasing and hire purchase confirming and factoring financing is recognised based on the effective interest method.

(iii) Dividend income

Dividend income is recognised when the Group's right to receive payment is established.

(iv) Charter hire, demurrage and freight Income

Revenue and expenses up to the balance sheet date are recognised for voyage which remain uncompleted as at the balance sheet date, the income receivable for the voyage are pro-rated up to the balance sheet date and all relevant costs are accrued.

(x) Income tax

Income tax on the profit or loss for the year comprises current and deferred tax. Current tax is the expected amount of income taxes payable in respect of the taxable profit for the year and is measured using the tax rates that have been enacted at the balance sheet date.

Deferred tax is provided for, using the liability method. In principle, deferred tax liabilities are recognised for all taxable temporary differences and deferred tax assets are recognised for all deductible temporary differences, unused tax losses and unused tax credits to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, unused tax losses and unused tax credits can be utilised.

NOTES TO THE FINANCIAL STATEMENTS

31 December 2010 (*continued*)

2. Significant accounting policies (contd.)

2.4 Summary of significant accounting policies (contd.)

(x) Income tax (contd.)

Deferred tax is not recognised if the temporary difference arises from the initial recognition of an asset or liability in a transaction which is not a business combination and at the time of the transaction, affects neither accounting profit nor taxable profit.

Deferred tax is measured at the tax rates that are expected to apply in the period when the asset is realised or the liability is settled, based on tax rates that have been enacted or substantively enacted at the balance sheet date. Deferred tax is recognised as income or an expense and included in the profit or loss for the period, except when it arises from a transaction which is recognised directly in equity, in which case the deferred tax is also recognised directly in equity.

(y) Foreclosed properties

Cash and cash equivalents consist of cash in hand, bank balances and deposit placements maturing less than one month held for the purpose of meeting short term commitments and readily convertible into cash without significant risk of changes in value.

(z) Cash and cash equivalent

Foreclosed properties are those acquired in full or partial satisfaction of debts and are stated at the lower of cost and fair value.

2.5 Functional and presentation currency

These financial statements are presented in Ringgit Malaysia (RM), which is the Bank's functional currency. Some of the Group's subsidiaries have identified United States Dollar (USD) as their functional currency and have measured its results and financial position for the current year in USD. The results and financial position of these companies were subsequently translated into RM in accordance Note 2.4(f). All financial information presented in RM has been rounded to the nearest thousand (RM'000) unless otherwise stated.

NOTES TO THE FINANCIAL STATEMENTS

31 December 2010 (*continued*)

2. Significant accounting policies (contd.)

2.6 Significant accounting judgements and estimates

In the preparation of financial statements, management has been required to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the financial statements in the period in which the estimates is revised and in the future periods affected.

Significant areas of estimation, uncertainty and critical judgement used in applying accounting policies that have significant effect on the amount recognised in the financial statements include the following:

(i) Fair value estimation of financial investments available-for-sale (Note 5)

The fair value of securities that are not traded in an active market are determined using valuation techniques based on assumptions of market conditions existing at the balance sheet date, including reference to quoted market prices and independent dealer quotes for similar securities and discounted cash flow method.

(ii) Deferred Tax (Note 15)

Deferred tax assets are recognised for all unused tax losses and unabsorbed capital allowance to the extent that it is probable that taxable profit will be available against which the losses and capital allowances can be utilised.

Significant management judgement is required to determine the amount of deferred tax assets that can be recognized, based upon the likely timing and level of future taxable profits together with future tax planning strategies. The Group did not recognise any deferred tax assets on unutilised tax losses and unabsorbed capital allowance relating to a subsidiary as at 31 December 2010 (2009 - Nil). The total carrying value of unutilised tax losses and unabsorbed capital allowances of the Group was RM54,836,000 (2009 - RM95,463,000) and RM10,663,000 (2009 -RM10,658,000) respectively.

NOTES TO THE FINANCIAL STATEMENTS

31 December 2010 *(continued)*

2. Significant accounting policies (contd.)

2.6 Significant accounting judgements and estimates (contd.)

(iii) Allowance for impairment on loans, advances and financing (Note 31)

Prior to the adoption of FRS 139, allowances for impaired loans and advances were computed in conformity with the BNM/DFI/GP3 Guidelines on Classification of Non-Performing Loans and Provision for Substandard, Bad and Doubtful debts. Upon the adoption of FRS139, the Bank assesses at the end of each reporting period whether there is objective evidence that a loan is impaired. Loans and advances that are individually significant are assessed individually. Those not individually significant are grouped together based on similar credit risks and assessed as a portfolio.

The amendments to FRS139 also include additional transitional arrangement for entities in the financial services sector, whereby BNM may prescribe the use of an alternative basis for collective assessment of impairment for banking institutions. This transitional arrangement is prescribed in BNM's guidelines on Classification and Impairment Provision for Loan/Financing issued on 8 January 2010, whereby banking institutions are required to maintain collective impairment provisions of at least 1.5% of total outstanding loans/financing, net of individual impairment provision.

(iv) Classification between Investment Properties and Property, Plant and Equipment

The Group has developed certain criteria based on FRS 140 in making judgement whether a property qualifies as an investment property. Investment property is a property held to earn rentals or for capital appreciation or both.

Some properties comprise a portion that is held to earn rentals or for capital appreciation and another portion that is held for use in the production or supply of goods or services or for administrative purposes. If these portions could be sold separately (or leased out separately under a finance lease), the Group would account for the portions separately. If the portions could not be sold separately, the property is an investment property only if an insignificant portion is held for use in the production or supply of goods or services or for administrative purposes. Judgement is made on an individual property basis to determine whether ancillary services are so significant that a property does not qualify as investment property.

(a) Loans from Government of Malaysia

The loans from the Government of Malaysia due after twelve months are repayable as follows:

| Year due | Group and Bank Principal | |
|----------------|-----------------------------|----------------|
| | 2010 RM'000 | 2009 RM'000 |
| Due after 2011 | <u>764,935</u> | <u>790,029</u> |

Interest on the loan is charged at rates of 2.0% (2009 - 2.00%) per annum.

NOTES TO THE FINANCIAL STATEMENTS

31 December 2010 (*continued*)

19. Term loans (contd.)

(b) Loan from Employee Provident Fund

| | Note | Group and Bank Principal | |
|--------|------------|-----------------------------|------------------|
| | | 2010 RM'000 | 2009 RM'000 |
| Loan 1 | 19(b)(i) | 2,000,000 | 2,000,000 |
| Loan 2 | 19(b)(ii) | 2,800,000 | 3,100,000 |
| Loan 3 | 19(b)(iii) | 350,000 | 250,000 |
| Loan 4 | 19(b)(iv) | 1,000,000 | - |
| Loan 5 | 19(b)(v) | 1,000,000 | - |
| | | <u>7,150,000</u> | <u>5,350,000</u> |

(i) The loan is repayable in 5 equal installments over a period of 5 years, commencing 2019.

(ii) On 27 May 2010, the facility has been revised to 5 years maturity (bullet repayment in year 2015). The total loan has been reduced to RM2,800,000,000 and the balance of RM300,000,000 was transferred to a former subsidiary, SME Bank.

(iii) Interest is repayable in semi-annual instalments and the final repayment schedule is not fixed until the loan is fully drawn down.

(iv) The loan was drawn down on 7 July 2010 and is repayable via bullet repayment in July 2015.

(v) The loan was drawn down on 9 December 2010 and is repayable via bullet repayment in December 2015.

All the above loans are guaranteed by the Government of Malaysia and bear interest at rates of 3.840% to 5.225% (2009: 4.518% to 5.225%) per annum.

NOTES TO THE FINANCIAL STATEMENTS

31 December 2010 (continued)

19. Term loans (contd.)

(c) Other Loan - unsecured:

| | Note | Group and Bank Principal | |
|---|------------|-----------------------------|------------------|
| | | 2010 RM'000 | 2009 RM'000 |
| Japan Bank of International Corporation | | | |
| - Loan 1 | 19(c)(i) | - | 134,572 |
| - Loan 2 | 19(c)(ii) | 975,359 | 1,123,370 |
| Export Credit Agency | 19(c)(iii) | 132,912 | 267,649 |

| | | <u>1,622,615</u> | <u>2,047,161</u> |

Included in other loan - unsecured are:

- (i) Loan from the Japan Bank for International Cooperation was fully settled in November 2010 [2009 - RM134,572,141 (¥9,110,627,300)]. Realised foreign exchange gain/loss on interest payment, if any, from the long term Yen loan is accounted for in the income statements. The loan will mature in November 2010.
- (ii) IT7 Loan from Japan Bank for International Cooperation amounting to RM975,358,689 (¥30,184,638 [2009 - RM1,123,370,392 (¥34,828,430,000)]) out of total loan facility of RM1,747,580,000 (¥59,000,000,000). The loan will mature in March 2017.
- (iii) Loan from Export Credit Agency (ECA) lenders amounting to RM132,912,302 (€32,496,098) [2009 - RM267,648,722 (€54,160,169)]. This loan is repayable in semi-annual instalments of Ringgit Malaysia equivalent of €10,832,034 and will mature in June 2012.
- (iv) Loan from Pension Trust Fund amounting to RM500,000,000 (2009 - RM500,000,000) is repayable in 12 instalments over a period of 6 years, commencing from 2015. This loan will mature in 2020.
- (v) Loans from other institutions, namely from Bank Negara Malaysia ("BNM") and Pusat Tenaga Malaysia amounting to RM219,080 and RM14,124,970, respectively (2009 - RM7,445,703 and RM14,124,970).

NOTES TO THE FINANCIAL STATEMENTS

31 December 2010 (*continued*)

19. Term loans (contd.)

(c) Other Loan - unsecured: (contd.)

Loans from Japan Bank for International Cooperation and ECA Lenders are guaranteed by Government of Malaysia. The interest rates on other loans - unsecured range from 0% to 5.875% (2009 - 0% to 5.875%) per annum during the year.

(d) Other Loan - secured:

| | Note | Group Principal 2010 RM'000 | 2009 RM'000 |
|-------------|----------|--------------------------------------|----------------|
| Term loan 1 | 19(d)(i) | 286,766 | 366,208 |
| | | <u>286,766</u> | <u>366,208</u> |

Included in other loan - secured of the Group are:

- (i) Loans for tankers are secured by a first preferred cross-collateralised mortgage of the vessel, an assignment of earnings derived from the pool and insurance of the vessels concerned.

20. Infrastructure support fund

| | Group and Bank Principal 2010 RM'000 | 2009 RM'000 |
|---|---|----------------|
| At 1 January, as previously stated | 715,882 | 662,326 |
| FRS139 adjustment | (182,578) | - |
| At 1 January, as restated | <u>533,304</u> | <u>662,326</u> |

| Allowance made during the year against Infra Support Fund | (100,962) | (4,084) |
| Impairment of financial investments made during the year against Infra Support Fund | (84,958) | - |
| Specific allowance written back | - | 15,169 |
| At 31 December | <u>380,294</u> | <u>715,882</u> |

NOTES TO THE FINANCIAL STATEMENTS

31 December 2010 (*continued*)

20. Infrastructure support fund (contd.)

The Government provides funds to the Bank in relation to its mandate to provide financing for Government infrastructure projects. The amounts received are non-repayable and are accounted for during the year as follows:

- (i) amounts to compensate against related costs are recognised in the income statement in relation to infrastructure financing.
- (ii) amounts utilised for purpose of payments on financing costs relating to the funding for an infrastructure loan are transferred to Infrastructure Support Fund.

The amount was accounted as at 31 December as follows:

| | 2010 RM'000 | 2009 RM'000 |
|--|----------------|----------------|
| Amount received/receivable from Government during the year | 15,794 | 51,769 |
| Amount matched against costs and recognised as income | 17,116 | (9,298) |
| Transferred to Infrastructure Support Fund | (32,910) | (42,471) |
| | <u>-</u> | <u>-</u> |

21. Deferred income

| | Group and Bank 2010 RM'000 | 2009 RM'000 |
|--|----------------------------------|----------------|
| At 1 January | 152,232 | 447,689 |
| Received from Government during the year | 301,087 | 137,437 |
| Transferred to loans, advances and financing | - | (295,457) |
| Utilised during the year | (161,111) | (137,437) |
| At 31 December | <u>292,208</u> | <u>152,232</u> |

The Government provides funds to the Bank in relation to its mandate to provide financing for Government infrastructure projects financed by Employee Provident Fund and Pension Trust Fund Council. The above amounts received are non-repayable and are utilised to compensate for the cost of fund differential and loss of profit margin.

NOTES TO THE FINANCIAL STATEMENTS

31 December 2010 (*continued*)

22. Share capital

| | Number of Ordinary Shares of RM1 Each | | Amount | |
|-----------------------|--|----------------|----------------|----------------|
| | 2010 RM'000 | 2009 RM'000 | 2010 RM'000 | 2009 RM'000 |
| Authorised | 10,000,000 | 10,000,000 | 10,000,000 | 10,000,000 |
| Issued and fully paid | 3,078,724 | 3,078,724 | 3,078,724 | 3,078,724 |

23. Reserves

| | Group 2010 RM'000 | 2009 RM'000 | Bank 2010 RM'000 | 2009 RM'000 |
|------------------------------|-------------------------|----------------|------------------------|----------------|
| Non-distributable: | | | | |
| Capital reserve | 1,000 | 1,000 | - | - |
| Statutory reserve | 1,539,362 | 1,384,641 | 1,539,362 | 1,384,641 |
| Unrealised holding reserve | 173,735 | 274,055 | 291,014 | 365,211 |
| Exchange translation reserve | (48,429) | (20,579) | - | - |
| | 1,665,668 | 1,639,117 | 1,830,376 | 1,749,852 |
| Distributable: | | | | |
| Retained profits (Note 24) | 2,294,189 | 2,624,780 | 1,959,446 | 2,301,957 |
| | 3,959,857 | 4,263,897 | 3,789,822 | 4,051,809 |

The capital reserve of the Group arose from the capitalisation of bonus issue in certain subsidiaries in previous years.

The statutory reserves are maintained in compliance with the requirements of Section 39 of Development Financial Institution Act 2002 ("the Act") and are not distributable as cash dividends. Under the Act, the Bank is required to transfer at least 50% of its profit after tax, up to 50% of its paid-up capital.

NOTES TO THE FINANCIAL STATEMENTS

31 December 2010 (*continued*)

24. Retained earnings

Prior to the year of assessment 2008, Malaysian companies adopted the full imputation system. In accordance with the Finance Act 2007 which was gazetted on 28 December 2007, companies shall not be entitled to deduct tax on dividend paid, credited or distributed to its shareholders, and such dividends will be exempted from tax in the hands of the shareholders ("single tier system"). However, there is a transitional period of six years, expiring on 31 December 2013, to allow companies to pay franked dividends to their shareholders under limited circumstances. Companies also have an irrevocable option to disregard the 108 balance and opt to pay dividends under the single tier system. The change in the tax legislation also provides for the 108 balance to be locked-in as at 31 December 2007 in accordance with Section 39 of the Finance Act 2007.

As at 31 December 2010, the Bank did not elect for the irrevocable option to disregard the 108 balance. Accordingly, during the transitional period, the Bank may utilise the credit in the 108 balance to distribute cash dividend payments to ordinary shareholdings as defined under the Finance Act 2007.

25. Interest income

| | Group | | Bank | |
|---|------------------|------------------|------------------|------------------|
| | 2010 | 2009 | 2010 | 2009 |
| | RM'000 | RM'000 | RM'000 | RM'000 |

NOTES TO THE FINANCIAL STATEMENTS

31 December 2010 (*continued*)

32. Tax expense (contd.)

The Bank was exempted from paying tax on its statutory income from infrastructure projects approved by the Government of Malaysia via Income Tax Act 1967: Income Tax Order (Exemption) (No. 46) 2002 from year assessment 2000 to year assessment 2009.

Domestic income tax is calculated at the Malaysian statutory tax rate of 25% (2008: 26%) of the estimated assessable profit for the year.

A reconciliation of income tax expense applicable to profit before taxation at the statutory income tax rate to income tax expense at the effective income tax rate of the Group and of the Bank are as follows:

Reconciliation of effective tax expense

| | Group | | Bank | |
|---|----------|-----------|----------|----------|
| | 2010 | 2009 | 2010 | 2009 |
| | RM'000 | RM'000 | RM'000 | RM'000 |
| Profit before tax | 549,088 | 339,461 | 503,491 | 383,604 |
| Tax using Malaysian tax rate of 25% (2009 - 25%) | 137,272 | 84,865 | 125,873 | 95,901 |
| Income not subject to tax | (35,385) | (104,955) | (27,971) | (93,372) |
| Non-deductible expenses | 19,581 | 34,466 | 5,664 | 18,102 |
| Over provision of deferred tax | 12,238 | 5,580 | 12,459 | 2,959 |
| Deferred tax assets not recognised on unabsorbed business losses | - | 17,662 | - | - |
| Utilisation of previously unrecognised unabsorbed capital allowances and tax losses | (10,011) | (4,757) | - | (2,520) |
| | 123,695 | 32,861 | 116,025 | 21,070 |
| Under/(over) provision in prior years | 962 | (13,464) | 2,115 | (13,464) |
| Tax expense | 124,657 | 19,397 | 118,140 | 7,606 |

NOTES TO THE FINANCIAL STATEMENTS

31 December 2010 (*continued*)

33. Dividends

Dividends recognised in the current year by the Bank are:

| | 2010 | | 2009 | |
|---------------------|---------------|---------------------|---------------|---------------------|
| | Sen per share | Total amount RM'000 | Sen per share | Total amount RM'000 |
| Final 2009 ordinary | 3.25 | 100,000 | - | - |
| Final 2008 ordinary | - | - | 2.60 | 80,000 |
| | <u>3.25</u> | <u>100,000</u> | <u>2.60</u> | <u>80,000</u> |

At the forthcoming Annual General Meeting, a final tax exempt dividend in respect of the financial year ended 31 December 2009, of 3.25% on 3,078,724,049 ordinary shares, amounting to a dividend payable of RM100,000,000 (3.25 sen net per ordinary share) will be proposed for the shareholders' approval. The financial statements for the current financial year do not reflect this proposed dividend. Such dividend, if approved by the shareholder, will be accounted for in equity as an appropriation of retained profits in the financial year ending 31 December 2010.

34. Earnings per share

The basic earnings per share ("EPS") of the Group and the Bank are calculated by dividing the net profit for the year by the weighted average number of ordinary shares in issue during the financial year.

| | Group | | Bank | |
|---|------------------|------------------|------------------|------------------|
| | 2010 RM'000 | 2009 RM'000 | 2010 RM'000 | 2009 RM'000 |
| Profit from continuing operations attributable to shareholders' of the Bank | <u>420,864</u> | <u>307,553</u> | <u>385,351</u> | <u>375,998</u> |
| Number of ordinary shares in issue ('000) | <u>3,078,724</u> | <u>3,078,724</u> | <u>3,078,724</u> | <u>3,078,724</u> |
| Basic EPS (sen) for: | | | | |
| Net profit for the year | <u>13.67</u> | <u>9.99</u> | <u>12.52</u> | <u>12.21</u> |

NOTES TO THE FINANCIAL STATEMENTS

31 December 2010 (*continued*)

35. Commitments and contingencies

- (a) Loan and financing related commitments and contingencies of the Group and the Bank not included in these financial statements are as follows:

| | Group | | Bank | |
|--|------------------|------------------|------------------|------------------|
| | 2010 | 2009 | 2010 | 2009 |
| | RM'000 | RM'000 | RM'000 | RM'000 |
| Disbursement of loans to industries | 4,728,253 | 8,704,751 | 4,728,253 | 8,704,751 |
| Direct credit substitutes | 21,823 | 44,818 | 21,823 | 44,818 |
| Corporate guarantees issued by a subsidiary to financial institutions for credit facilities granted to jointly controlled entities | 792,295 | 557,445 | 445,155 | 411,335 |
| | <u>5,542,371</u> | <u>9,307,014</u> | <u>5,195,231</u> | <u>9,160,904</u> |

The above contingent liability on corporate guarantees is based on the outstanding balances of the credit facilities granted to jointly controlled entities.

- (b) Capital commitments of the Group and the Bank not included in these financial statements are as follows:

| | Group | | Bank | |
|---|---------|--------|--------|--------|
| | 2010 | 2009 | 2010 | 2009 |
| | RM'000 | RM'000 | RM'000 | RM'000 |
| Capital expenditure - approved but not contracted for | 102,126 | 69,316 | 30,982 | 33,771 |

36. Capital adequacy

Capital management

Capital policy

The overall objective of capital management is to maintain a strong capital position in order to provide opportunities for business growth and able to provide cushion for any potential losses. In line with this objective, the Bank views capital position as an important key barometer of financial health.

NOTES TO THE FINANCIAL STATEMENTS

31 December 2010 (*continued*)

36. Capital adequacy (contd.)

Capital Management (contd.)

Regulatory capital

In order to support its mandated roles, the Bank must have strong and adequate capital to support its business activities on an on-going basis. In line with this objective, Bank Negara Malaysia has imposed several regulatory capital requirements whereby, the Bank must have an absolute minimum capital of RM300,000,000 and a minimum Risk Weighted Capital Ratio ('RWCR') of 8% at all times. The minimum capital funds refer to paid-up capital and reserves as defined in Section 3 of Development Financial Institution Act 2002.

In order to further strengthen the capital position of the Bank through a progressive and systematic building up of the reserve fund, the minimum RWCR under both normal and stress scenarios shall not be less than 20% and 12% respectively.

The following table sets forth capital resources and capital adequacy for the Bank as at 31 December 2010.

| | Bank | |
|--|-----------|-----------|
| | 2010 | 2009 |
| | RM'000 | RM'000 |
| Tier 1 capital | | |
| Paid-up share capital | 3,078,724 | 3,078,724 |
| Other reserves | 3,789,822 | 4,051,809 |
| Total Tier 1 capital | 6,868,546 | 7,130,533 |
| Tier 2 capital | | |
| Governments grants and subsidies | 672,502 | 868,114 |
| General allowance for bad and doubtful debts | - | 302,957 |
| Collective assessment allowance # | 650,975 | - |
| Total Tier 2 capital | 1,323,477 | 1,171,071 |
| Total capital | 8,192,023 | 8,301,604 |
| Less: Investment in subsidiaries | (930,296) | (930,296) |
| Total capital base | 7,261,727 | 7,371,308 |

Excludes collective assessment allowance on impaired loans restricted from Tier 2 capital of the Bank by BNM of RM14,232,000.

NOTES TO THE FINANCIAL STATEMENTS

Capital monitoring

The Bank's capital is closely monitored and actively managed. Besides the regulatory capital requirement of 8%, the Bank sets an internal capital requirement limit that would act as a buffer to the regulatory capital and as an indicator that affords the Bank a "well capitalised" status. Internal capital limit and regulatory capital requirement shall be closely monitored, regularly reviewed and reported to Management and Board of Directors.

NOTES TO THE FINANCIAL STATEMENTS

31 December 2010 (*continued*)

37. Other contingencies

The Directors are of the opinion that provisions are not required in respect of these matters, as it is not probable that a future sacrifice of economic benefits will be required or the amount is not capable of reliable measurement.

Financial risk management objectives and policies

The Group's financial risk management policies seek to enhance shareholder value. The Group focuses on the enterprise wide risk exposure, which include credit, market, liquidity and operation risk and seeks to minimise potential adverse effects on the financial performance of the Group.

As part of the Group's strategy to integrate the management and control of risks across the various risk segments, a dedicated function known as the Group Risk Management was established.

Financial risks management is carried out through risk assessment and reviews, internal control systems and adhered to Group financial risk management policies, which are reported to and approved by the Board of Directors. The Board also approves the treasury policies, which cover the management of these risks.

The main areas of financial risks faced by the Group are set out as follows:

(a) Credit risk

Credit risk is the potential loss arising from customers or counterparties failing to meet their financial contractual obligations. Management of credit risk is principally through lending directions and policies, which are instituted based on prevailing business and economic conditions. Credit processes are also structured to ensure adherence of credit policies and to establish impartiality in loan origination, approval, documentation, disbursement and settlement.

NOTES TO THE FINANCIAL STATEMENTS

31 December 2010 (*continued*)

41. Financial instruments risk (contd.)

(a) Credit risk (contd.)

The Group Risk Management is primarily involved in managing, enhancing asset quality, reviews concentration limits according to various categories such as customer and economic segment and monitoring credit portfolio risk. Industry risk is also evaluated and monitored, as dynamic changes in the economic environment has a direct impact on the Bank's assets quality.

The internal credit risk rating system is in place to measure the credit worthiness of each customer. The primary objectives are to provide a consistent approach in risk grading of the Group's borrowers and to measure the risk of default by borrowers objectively.

Internal single customer limit are regularly monitored to minimise the risk of over-concentration. The overall credit risk management is subject to an ongoing process for reviewing and enhancement.

Credit risk assessment and rating on loan applications are conducted before being approved by the approving authorities. Various credit committees have been established at the Bank and subsidiaries to approve loans. The respective credit committees have approving authority up to a specified limit.

Credit risk exposures are managed through a robust credit monitoring process. The process includes monitoring of risk profile of credit portfolio, where any changes in credit quality and significant movement in risk profile of credit portfolio are reported to the Risk Management Committee. Limits are also monitored to minimise undesirable concentration. In addition, credit review on existing loans are performed at least once a year and more frequent on watch-list accounts to proactively manage any delinquencies, maximise recoveries and to ensure timely recognition of asset impairment. Meanwhile, audit is periodically performed to ensure that credit policies and procedure are complied with.

Collateral is taken whenever possible to mitigate the credit risk assumed. The value of the collateral is monitored periodically through frequent valuation. The main types of collateral taken by the Bank are fixed assets financed by the Bank which include plant, machinery and equipment, land and building and vessels. Policies and processes are in place to monitor collateral value.

(v) Collateral and credit enhancement for loans, advances and financing

Collateral represents the asset pledged by a customer and/or a third party on behalf of the customer, in whole or in part, to secure a credit exposure and/or potential credit exposure with the Bank, and subject to seizure in the event of default. Collateral provides to the Bank with a secondary repayment source, i.e. a source of fund to help recover its investment should the customer is unable to repay the facility obtained from the Bank.

NOTES TO THE FINANCIAL STATEMENTS

31 December 2010 (*continued*)

41. Financial instruments risk (contd.)

(a) Credit risk (contd.)

(v) Collateral and credit enhancement for loans, advances and financing (contd.)

The Group and the Bank shall consider accepting the collateral based on its marketability, measurability, stability, transferability, speed in realising the collateral value, enforceability and free from encumbrances. The collateral types and amounts held by the Group and the Bank are as follows:

| 2010 | | | | Estimated fair value of collateral RM'000 |
|---------------------------|-------------------|---------------------|------------------|--|
| Group | Secured RM'000 | Unsecured RM'000 | Total RM'000 | |
| Past due but not impaired | 254,940 | 71,291 | 326,231 | 307,004 |
| Impaired | 2,230,154 | 636,505 | 2,866,659 | 2,129,419 |
| | <u>2,485,094</u> | <u>707,796</u> | <u>3,192,890</u> | <u>2,436,423</u> |
| Bank | | | | |
| Past due but not impaired | 254,940 | - | 254,940 | 307,004 |
| Impaired | 2,103,252 | 513,851 | 2,617,103 | 2,129,419 |
| | <u>2,358,192</u> | <u>513,851</u> | <u>2,872,043</u> | <u>2,436,423</u> |

Estimated fair value of collateral for secured past due but not impaired and impaired loans, advances and financing:

| 2010 | | | |
|---------------------------|---|----------------|------------------|
| Group | Properties, equipment and vessels RM'000 | Cash RM'000 | Total RM'000 |
| Past due but not impaired | 304,314 | 2,690 | 307,004 |

| | <u>2,424,100</u> | <u>12,323</u> | <u>2,436,423</u> |

NOTES TO THE FINANCIAL STATEMENTS

31 December 2010 (*continued*)

41. Financial instruments risk (contd.)

(a) Credit risk (contd.)

(vi) Restructured items

Restructured loans refers to the financial assets that would otherwise be past due or impaired where there is fundamental revision in the principal terms and conditions of the facility. Restructuring shall be considered when the customer's business is still viable and is expected to remain viable after the restructuring. The total restructured loans held by the Group and the Bank stood at RM9,341.6 million and RM9,341.6 million respectively.

(vii) Credit quality for treasury credit risk exposures

The table below shows treasury credit risk exposures by the current counterparties' rating:

| | 2010 | |
|---|------------------|------------------|
| | Group RM'000 | Bank RM'000 |
| <u>Available-for-sale investment securities</u> | | |
| Sovereign | 40,471 | 40,471 |

| | <u>265,124</u> | <u>265,102</u> |

NOTES TO THE FINANCIAL STATEMENTS

31 December 2010 (continued)

41. Financial instruments risk (contd.)

(b) Market risk

(i) Foreign exchange risk

The Group is exposed to foreign currency risk as a result of its borrowings made in currencies other than Ringgit Malaysia. The Group's policy in managing its exposure to foreign currency risks is by hedging through forward contract deals.

The net unhedged financial assets and financial liabilities of the Group and the Bank that are not denominated in its functional currency are as follows:

| Functional currency of the Group | Net financial assets/(liabilities) held in non-functional currencies | |
|--|--|-----------------|
| | Ringgit Malaysia RM'000 | Total RM'000 |
| Euro (EUR) | (132,912) | (132,912) |
| Japanese Yen (JPY) | (974,110) | (974,110) |
| United states dollar (USD) | (27,752) | (27,752) |
| Functional currency of the Bank | | |
| EUR | (132,912) | (132,912) |
| JPY | (974,110) | (974,110) |

The table below show the Group and the Bank's foreign currency sensitivity based on reasonable possible movements in foreign exchange (FX) rates.

| | Strengthening/ weakening in FX rate (+/-) % | Effect on profit/loss | | Effect on equity | |
|--------------|---|----------------------------------|----------------------------------|----------------------------------|----------------------------------|
| | | Increase in FX rate RM'000 | Decrease in FX rate RM'000 | Increase in FX rate RM'000 | Decrease in FX rate RM'000 |
| Group | | | | | |
| USD | 10 | (2,775) | 2,775 | (2,775) | 2,775 |

| JPY | 10 | (16,992) | (4,356) | (16,992) | (4,356) |
| Bank | | | | | |
| EUR | 10 | 27,676 | 40,968 | 27,676 | 40,968 |
| JPY | 10 | (16,992) | (4,356) | (16,992) | (4,356) |

NOTES TO THE FINANCIAL STATEMENTS

31 December 2010 *(continued)*

41. Financial instruments risk (contd.)

(b) Market risk (contd.)

(ii) Interest rate risk

Interest rate risk is the impact to earnings and economic value of the Group due to fluctuations in interest rates.

Interest rate exposure arises from the differences in the maturities and repricing dates of assets, liabilities and off-balance sheet items. These mismatches are actively monitored and managed as part of the overall interest rate risk management process which is conducted in accordance with the Group's policies as approved by the Board.

The Group may be exposed to a loss in earnings due to the interest rates structure of the balance sheet arising from interest rates and yield curves changes. The sensitivity to interest rates arises from the mismatches in the repricing rates, cash flows and other characteristic of the assets and their corresponding liability funding. The Group manages its interest rate risk exposure through the use of fixed/floating rate debts and financial instruments.

The table below show the Bank's net interest income sensitivity based on possible parallel shift in interest rate.

| | Group | | Bank | |
|--------------------------------|-------------------------------|-------------------------------|-------------------------------|-------------------------------|
| | Impact on profit RM'000 | Impact on equity RM'000 | Impact on profit RM'000 | Impact on equity RM'000 |
| Interest rate - parallel shift | | | | |
| + 50 basis points | 160,420 | 160,420 | 160,420 | 160,420 |
| - 50 basis points | (160,420) | (160,420) | (160,420) | (160,420) |

NOTES TO THE FINANCIAL STATEMENTS

31 December 2010 (*continued*)

41. Financial instruments risk (contd.)

(c) Liquidity risk

Liquidity risk is the risk that an enterprise will encounter difficulty in raising funds to meet its current and future payment obligations associated with financial obligations when they fall due. The liquidity and cash flow risks are managed by maintaining a diversity of funding sources and spreading debt repayments over a range of maturities.

The Group manages its liquidity requirement on a day-to-day basis to ensure that funds are readily available for its operational needs, withdrawals of deposits and repayments to fund providers. The Group may raise funds locally and globally either through government-to-government arrangements or direct negotiations. Other sources of funding through the capital market are being explored on an on-going basis to ensure a diversity of funding source.

NOTES TO THE FINANCIAL STATEMENTS

31 December 2010 (continued)

41. Financial instruments risk (contd.)

(c) Liquidity risk (contd.)

The following table shows the maturity analysis of the Group's assets and liabilities based on remaining contractual maturities. The contractual maturity profile often does not reflect the actual behavioural patterns. In particular, the Bank has a significant amount of "core deposits" of non-bank customers which are contractually at call (included in the "Up to 3 months" time band) but historically a stable source of long-term funding for the Bank.

The Bank is subject to liquidity requirements to support calls under outstanding contingent liabilities and undrawn credit facility commitments as disclosed in Notes 35(a). These have been incorporated in the net off-balance sheet position for year ended 31 December 2010. The total outstanding contractual amounts of these items do not represent future cash requirements since the Bank expects many of these contingent liabilities and commitments (such as direct credit substitutes and undrawn credit facilities) to expire without being called or drawn upon, and many of the contingent liabilities (such as letters of credit) are reimbursable by customers.

In the previous financial year, the Group and the Bank's disclosure on exposure to liquidity risk was based on discounted contractual terms whereas under the new FRS7 disclosure, the Group and the Bank's liquidity risk as at 31 December 2010 are based on contractual undiscounted repayment obligation.

NOTES TO THE FINANCIAL STATEMENTS

31 December 2010 (*continued*)

42. Fair values

Financial instruments comprise financial assets, financial liabilities and also off-balance sheet derivatives. The fair value of a financial instrument is the amount at which the instrument could be exchanged or settled between knowledgeable and willing parties in an arm's length transaction, other than in a forced or liquidation sale. The information presented herein represents best estimates of fair values of financial instruments at the balance sheet date.

Loans, advances and financing to customers, where such market prices are not available, various methodologies have been used to estimate the approximate fair values of such instruments. These methodologies are significantly affected by the assumptions used and judgements made regarding risk characteristics of various financial instruments, discount rates, estimates of future cash flows, future expected loss experience and other factors. Changes in the assumptions could significantly affect these estimates and the resulting fair value estimates. Therefore, for a significant portion of the Group's and the Bank's financial instruments, including loans, advances and financing to customers, their respective fair value estimates do not purport to represent, nor should they be construed to represent, the amounts that the Group and the Bank could realise in a sale transaction at the balance sheet date. The fair value information presented herein should also in no way be construed as representative of the underlying value of the Group and the Bank as a going concern.

The on-balance sheet financial assets and financial liabilities of the Group and the Bank whose fair values are required to be disclosed in accordance with FRS132 comprise all its assets and liabilities with the exception of investments in subsidiaries, investments in associated companies, property, plant and equipment and provision for current and deferred taxation.

The estimated fair values of those on-balance sheet financial assets and financial liabilities as at the balance sheet date approximate their carrying amounts as shown in the balance sheets, except for the following financial assets and liabilities:

| Group | 2010 | | 2009 | |
|-------------------------------|-----------------------------|----------------------------------|-----------------------------|----------------------------------|
| | Carrying Value RM'000 | Carrying Fair Value RM'000 | Carrying Value RM'000 | Carrying Fair Value RM'000 |
| Financial Assets | | | | |
| Loans, advances and financing | 21,435,096 | 21,706,337 | 20,027,407 | 19,736,080 |
| Financial liabilities | | | | |
| Redeemable notes | 4,491,287 | 4,585,050 | 1,990,325 | 1,919,957 |
| Term loans | 9,901,658 | 9,164,347 | 8,613,109 | 7,760,489 |

NOTES TO THE FINANCIAL STATEMENTS

31 December 2010 (*continued*)

42. Fair values (contd.)

| Bank | 2010 | | 2009 | |
|-------------------------------|-----------------------------|----------------------------------|-----------------------------|----------------------------------|
| | Carrying Value RM'000 | Carrying Fair Value RM'000 | Carrying Value RM'000 | Carrying Fair Value RM'000 |
| Financial assets | | | | |
| Loans, advances and financing | <u>21,321,719</u> | <u>21,598,951</u> | <u>19,894,198</u> | <u>19,661,375</u> |
| Financial liabilities | | | | |
| Redeemable notes | 4,491,287 | 4,585,050 | 1,990,325 | 1,919,957 |
| Term loans | <u>9,614,892</u> | <u>8,877,581</u> | <u>8,246,901</u> | <u>7,394,281</u> |

The methods and assumptions used in estimating the fair values of other financial instruments are as follows:

(a) Cash and Short-term Funds

The carrying amount approximates fair value due to the relatively short maturity of the financial instruments.

(b) Deposits and Placements with Financial Institutions

The fair values of those financial instruments with remaining maturities of less than one year approximate their carrying values due to their relatively short maturities. For those financial instruments with maturities of more than one year, the fair values are estimated based on discounted cash flows using applicable prevailing market rates of similar remaining maturities at the balance sheet date.

(c) Securities

Fair values of securities that are actively traded is determined by quoted bid prices. For non-actively traded securities, independent broker quotations are obtained. Fair values of equity securities are estimated using a number of methods, including net tangible assets.

NOTES TO THE FINANCIAL STATEMENTS

31 December 2010 (*continued*)

42. Fair values (contd.)

(d) Loans, Advances and Financing

The fair values of variable and fixed rate loans with remaining maturity of less than one year are estimated to approximate their carrying values. For fixed rate loans and Islamic financing with maturities of more than one year, the fair values are estimated based on expected future cash flows of contractual instalment payments and discounted at prevailing rates at balance sheet date offered for similar loans to new borrowers with similar credit profiles, where applicable. In respect of Government infrastructure loans, the fair values are estimated after taking into account the Government compensation received on these loans. For non-performing loans, the fair values are deemed to approximate the carrying values, net of allowances for bad and doubtful debts and financing.

(e) Deposits from Customers, Deposits and Placements of Banks and Other Financial Institutions

The fair values of deposits payable on demand and deposits and placements with maturities of less than one year approximate their carrying values due to the relatively short maturity of these instruments. The fair values of fixed deposits and placements with remaining maturities of more than one year are estimated based on discounted cash flows using applicable rates currently offered for deposits and placements with similar remaining maturities. The fair value of Islamic deposits are estimated to approximate their carrying values as the profit rates are determined at the end of their holding periods based on the actual profits generated from the assets invested.

(f) Redeemable Notes

The fair values are estimated based on expected future cash flows of coupon and face value payments and discounted at their quoted bid prices at balance sheet date or prevailing rates at balance sheet date obtained for similar notes with similar maturities, where applicable.

(g) Term Loans

The fair values are estimated based on expected future cash flows of contractual instalment payments and discounted at prevailing rates at balance sheet date obtained for similar loans with similar maturities, where applicable.

NOTES TO THE FINANCIAL STATEMENTS

31 December 2010 (*continued*)
